29/11/2014 Newsletter n°1 created by Institut E-Seniors

The First newsletter presents the partners involved in the project (Quarter Mediation, Centro Integrado Publico de Formación Profesional Misericordia, Prywatne Centrum Kształcenia Kadr and Institut E-Seniors), the project summary and objectives. Moreover, IES summarizes the activities from October 2013 and February 2014.

The newsletter has been disseminated in the Institut E-Seniors' network and in the page dedicated to the project in the website.

14/02/2014 Creation of a Facebook page by Institut E-Seniors

Institut E-Seniors has created a page dedicated to the project. It presents the objectives of the project and its evolution. Pictures of the project meetings are available on this page.

10/03/2014 Paris Incubator

Institut E-Seniors contacted them by email to create a partnership because the incubator gathers several new entrepreneurs.

10/03/2014 L'Atelier

Institut E-Seniors sent an email to this space dedicated to social and inclusive economy with intent to integrate it in the project. This association gathers entrepreneurs.

26/03/2014 Mutinerie

Institut E-Seniors contact this coworking space located in the 19e arrondissement of Paris because it regroups new entrepreneurs. One of its founders, Xavier Jacquemet, was taking part of the last meeting in Paris (April 2014) during a round table dedicated to "New approaches and solutions in entrepreneurial education in Europe". He gave his point of view of entrepreneur as well as Fabien Grenet who sets up his own business named Hansen Conseil.

04/04/2014 Ministry of National Education

Institut E-Seniors contacted the ministry via Mrs Carole Gadet who is intercultural project manager within the ministry. We wanted to make her known the project and establish a partnership with interested schools.

10/04/2014 University of Cergy-Pontoise

We contacted a woman named Suzanna Ferreira who works on the University of Cergy-Pontoise (in the north of Paris), on the Service d'Orientation et d'Insertion professionnelle which aims at helping students to develop their business idea.

10/04/2014 Adult Training Center Suzanne Masson

We wanted to make known CO-BUS-VET project to this training center located in Paris and create a partnership with them all along the project.

16/04/2014 Association Entreprendre pour Apprendre

Entreprendre pour Apprendre is a federation of 21 associations in France aimed at promoting an entrepreneurial way of thinking and developing entrepreneurial competencies for young people. The federation develops 3 educational programs adapted to specified age groups. The objective is about the creation of a business by students. Institut E-Seniors contacted them to be part of COBUSVET project. They seem very interested even if they couldn't attend the workshop in Paris.

10-17/04/2014 Center of Information and Orientation

Institut E-Seniors contacted them to be part of the project. These centers are dedicated to inform and guide young people and students towards higher education.

23/04/2014 Association Initiative 95

Institut E-Seniors contacted them on the advice of the University of Cergy-Pontoise because they are specialized in the accompaniment of young entrepreneurs in this region of Paris.

23/04/2014 Community of Agglomeration of Cergy-Pontoise

Institut E-Seniors contacted them on the advice of the University of Cergy-Pontoise because they are specialized in the accompaniment of young entrepreneurs in this region of Paris.
