Sharing good educational practices and systematising a training competences programme for employment and inclusion for vulnerable adult people! Erasmus+ project 2016-2018

## Kick off meeting in Oviedo on November 9-10<sup>th</sup> 2017

The main work plan and next project's steps and activities were identified on the 1st meeting hosted by the coordinator of the project Universidad de Oviedo. Cultural and historical visits were also organized for all partners. After this first meeting, the best practices questionnaire was drafted and submitted among teachers in all partner countries.

Partners : UOv (Spain); UAb (Portugal), CPIA (Italy), CEPA (Spain) and E-Seniors (France)

### The first training week for teachers took place in Padova on March 20-24<sup>th</sup> 2017

Participants from all partner countries were involved in different roundtables and discussions on topics such as "Effective communications", "Main competencies for collaborative work", "ICT Audiovisuals as effective educational support resources" and many others. At the end of the week, all participants answered a satisfaction survey in order to evaluate the trainings.

### The second training week for teachers took place in the city of Gijon on July 3-7th 2017

Participants attended different trainings on "Entrepreneurship and Employment", "Work in team", "Mentoring, coaching and differences between them", "ICT" and many others. Cultural and historical visits were also organized during the week.
