Dear Partners,

I hope you are all well. I just need to remind you of what was discussed and decided in Spain.

- We should send our input for the 3rd Newsletter to Anastasia by March. In the 3rd newsletter each of us should write about a paragraph, briefly describing a recent (or a most representative) IGL activity of our organization and summarize our general conclusions and/or outcomes. You can include if you like feedback or quotations from participants (young/ old), problems or challenges that you encountered during the implementation of these activities, your ideas or suggestions of how IGL activities can be improved and utilized by others. We should also accompany our text with representative photos of IG Learning and Cooperation in our organizations.
- The first part (i.e., the Theoretical) of the Best Practice Guide has been prepared by the Greek and the French partners. The Spanish and Romanian partners should do this part as well and send it to the coordinator as soon as possible.
- The second part of the Best Practice Guide should be done by all and sent to the coordinator by April the 2nd. Further instructions and explanations regarding this part will be provided to you soon.

Best Regards,

Leonidas
