## Press release

"FACIT: Fostering Active Citizenship Competencies"

### 3rd Learning, Teaching, Training Activity

From the date of 2nd to the 4th of March 2022, the Italian Association „Integra Onlus”, was the host of the 3rd Learning, Teaching and Training Activity, held in Lecce. At the meeting attended 7 international participants from Fattoria Pugliese Diffuss (IT), E-Juniors (FR), Kainotomia (EL), Geoclub (PT), and 2 more local participants from Integra Onlus (IT).

The activity was a study visit, where all participants saw how Integra Onlus works with its adult learners, the

methodology

its educators/trainers use,

the specific target group

they work with, and the

results to be reached.

Moreover, the meeting was

held during the

international

implementation of other

projects in order to promote

active [#global citizenship](#).

Thanks to the direct involvement of the FACIT participants to another European project, called ECHOES Network of Towns, they've had the opportunity to better understand the methodology Integra uses in its educational activities. The meeting was facilitated by Mrs. Klodiana Cuka and Mr. Evangelista Leuzzi.
