

Sharing good educational practices and systematising a training competences programme for employment and inclusion for vulnerable adult people! Erasmus+ project 2016-2018

The second team meeting was held in Paris on October 9th and 10th 2017

Project partners gathered in Paris to discuss management issues, future plans, the training week in Paris and the organization of the project’s conference in Lisbon in July 2018. A study visit was organized in the French collaborative space “Grands Voisins” which gathers associations working for social inclusion. In collaboration with association “Viacti”, partners could test activities related to physical activity and creating social bond.

The third training week for teachers took place in Paris on March 12th -16th 2018

Participants from all partner countries learnt and discussed on topics such as “distance learning”, “teaching new technologies to seniors” and “migrant education”. A visit was also organized to the vocational school Suzanne Masson which trains handicapped adults to be reinserted in the market in specific jobs in the field of technology. The week was concluded with a press conference held in the associative centre of the third district in Paris.

The third team meeting was held in Lisbon on April 19th and 20th 2018

Project partners discussed management and dissemination issues and Universidade Aberta presented a detailed plan of interventions for the employment & inclusion conference in July. A study trip was organized to a centre of the High Commission for Migration (ACM) where partners learnt more about Portuguese initiatives to include migrants from a social and employment point of view.

The Education and Inclusion Conference was organized by partner Universidade Aberta in the city of Lisbon on July 2nd – 6th 2018

The conference was opened by Miguel Cabrita, Portugal's secretary of state for employment. Participants attended different seminars and intervened in roundtables on employment and inclusion practices for adults, digital inclusion, VET policy addressing social inclusion, work and social bound, multiculturalism, inclusion and adult training and employment trajectories.
