Multiplier events

Promoting Sustainability through Youth generation

Each partner is going to organize an event in each partner's country. The objective of this event will be to introduce the project results to the public, and to present the main output of this project:

- **The guidelines, also called "Guidelines to Sustainability"**
- **The diagnostic tool**
- **The panorama of sustainable practices**

The event will be organized in national language and the conclusion of this event will be shared with the rest of the consortium. It should last 1/2 day.

Around 40 participants will attend to this event in each country, 50 in France (project leader), and 80 in Spain (with 2 partners).

About the project

The "Sustainable Action Training for Youth" (SUSTRAINITY) project co-funded by the Erasmus+ Programme of the European Union project started on February 1st 2020, and it will run until the end of January 2022. Partners of the project are: E-Juniors Association (France), Matera Hub (Italy), Markeut Skills (Spain), Danmar Computers (Poland), InnoHub Valencia (Spain). SUSTRAINITY aims at fostering the sustainable initiatives undertaken by youth, providing them with comprehensive tools which will help them in the implementation of sustainable projects.

Newsletter No.4

Results

The Project has supported the wanna be entrepreneurs to foster their skills and competences providing them new knowledge and tools for the implementation of sustainable business. The multiplier events hosted in each partner's country was a great occasion to to introduce the project results to the public, and to present the main output of this project.
