Comments on the event

Austrian partner

The event was very impressive; in Austria people do not celebrate "Carneval" in such a relaxed atmosphere; I was impressed that everybody is costumed and is having fun; there are so many impressions which we copy for our next "Careneval party" in Austria!

Spanish partner

My experience is very positive because it has allowed me to know other cultures, festivals and people and to break cultural stereotypes that could cause human distances; In addition to motivate us to acquire greater knowledge in languages.

Turkish Partner

The carnival is very interesting and entertaining. In our country it is not usual to celebrate this kind of carnival. It is getting popular nowadays and newly start to celebrate carnival in our country. The festival celebrated in partner countries is different from our traditional festivals but lately carnival is getting popular.

Many Thanks
